

Baltic Marine Environment Protection Commission

HELCOM FISH Correspondence Group concerning a draft document on BAT/BEP descriptions for sustainable aquaculture in the Baltic Sea region (CG Aquaculture)

CG AQUACULTURE 2-2018

Berlin, Germany, 7-8 November 2018

Document title	Contribution from EE to Aquaculture BATBEP definitions
Code	4-4
Category	CMNT
Agenda Item	4 – Aquaculture BAT/BEP definitions
Submission date	30.10.2018
Submitted by	Estonia
Reference	Document 4-3

Background

With reference to HELCOM FISH 7-2017 Sweden accepted to lead the compilation of national Aquaculture BAT/BEP definitions including relevant definitions from international and EU law, and distributed a questionnaire to this purpose to the CG Fishdata members.

This document contains the contribution of Estonia to the aquaculture BAT/BEP definition questionnaire.

Action requested

The Meeting is invited to take into account the contribution from Estonia when completing the information in document 4-3 as required.
