## Background

As agreed by CG FISHDATA 2-2018 and FISH 8-2018, the draft Roadmap on collection of fisheries data was submitted to STATE & CONSERVATION 9-2018 (22-26 October 2018) for comments that could be taken into account by CG Fishdata before finalization and submission of the draft Roadmap to the Fish Group for approval.

The Outcome of STATE & CONSERVATION 9-2018 includes the following paragraphs concerning the Roadmap:

“2J.4 The Meeting took note of the Draft Roadmap on collection of fisheries data (document 2J-3, presentation 13) in order to assess incidental by-catches and fisheries impact on benthic biotopes in the Baltic Sea as presented by Ms Katarzyna Kaminska, Poland.

2J.5 The Meeting invited CG FISHDATA to consider incorporating a timeline and with associated task deadlines into the Roadmap. Meeting took note of the information that it is possible to provide further comments by 31 October 2018 and invited Poland to present progress regarding the work at State and Conservation 10-2019.”

## Action requested

The Workshop is invited to take note and consider as appropriate the comments on the draft Roadmap document provided by STATE & CONSERVATION 9-2018.
