Background

DG BSAP 1-2020 agreed that the whole drafting group will work on the overarching preamble while the segment teams will be established to work on the different segments (eutrophication, hazardous substances and litter, sea-based activities, biodiversity). DG BSAP 1-2020 also agreed that the segment teams will start their work by reviewing the drafts of the segment-specific preambles in the autumn of 2020, concomitantly with their submission to GEAR 23-2020, and focus on the continued drafting of the preambles and operative sections based on the guidance from HOD, in spring 2021.

Finland is leading the Sea-based activities segment team but there are no lead countries for the other segment teams yet.

The following Outcomes of the segment team meetings are available:

- [Outcome](#) of the First Meeting of the Sea-based activities segment team for drafting the updated Baltic Sea Action Plan (DG BSAP SEA 1-2020), 12 October 2020;
