

Document title	Links between parameters
Code	4-3
Category	CMNT
Agenda Item	4 – Layout and content for the final report
Submission date	12.1.2021
Submitted by	Secretariat

Background

This document contains lists of linked parameters for the EN CLIME regional parameters.

Arrow to the right “->” means that the linked parameter has an effect on the parameter in question.

Arrow to the left “<-” means that the parameter in question has an effect on the linked parameter.

The links will be depicted under the key messages of the final report, as well as in the Sankey diagram showing connections between all the parameters.

Action requested

The Lead Authors are invited to check that a) you agree with the list of linked parameters b) all references back are provided.

The Meeting is invited to agree on the lists of linked parameters to be included in the final report.
