

Baltic Marine Environment Protection Commission

Seventh online expert meeting on dredging and depositing
activities in the Baltic Sea

EN DREDS 7-2019

Online 21 February 2019

Document title	Reporting to London convention
Code	4-2
Category	DEC
Agenda Item	4 - Annual data reporting and verification, Publishing data in HELCOM MADS
Submission date	xx.02.2019
Submitted by	The Secretariat
Reference	

Background

As agreed by [EN DREDS 5-2018](#) and endorsed by [PRESSURE 9-2018](#), HELCOM Secretariat has prepared a test consolidated report to London Convention/London Protocol for Baltic Sea countries on depositing of dredged material in the Baltic Sea in 2017. Attached document [4-2-Att 2017 report to London convention](#) contains the draft consolidated report. After verification by the expert group the report will be submitted to PRESSURE 10-2019 for endorsement.

Action requested

The Meeting is invited to consider the report and agree on correctness of national data included into the report.
