### Working draft of Economic and social analyses in HOLAS III

This document contains a [link to the working draft of Economic and social analyses in HOLAS III](#). Paragraph 5.33 of the [Outcome of GEAR 20-2019](#) invites the Network to update the ESA Roadmap with an emphasis on adding further structure and detail. Paragraph 4.5 of the [Outcome of GEAR 20-2019](#) invites the Network to prepare a document concerning identified gaps and development needs for the HOLAS III process.

4.5 The Meeting agreed to further elaborate the initial proposal of the components of HOLAS III as included in **Annex 3** to this Outcome, and invited countries to provide comments and suggestions to these components to the Secretariat ([Jannica.Haldin@helcom.fi](mailto:Jannica.Haldin@helcom.fi)) by **12 August 2019**. The Secretariat will collate and, if possible, cluster the received information and link it to the relevant work strand in the preliminary timeline, with the aim of submitting a further developed proposed plan to STATE&CONSERVATION 11-2019 and GEAR 21-2019 meetings, respectively. The Meeting invited the Secretariat and the relevant Expert Groups to prepare more specific information on identified gaps and development needs for the various work strands not covered by the indicator work, as identified in the HOLAS II process or in subsequent work. The Meeting further agreed to continue the discussion on the topic in GEAR 21-2019.

HELCOM has prepared this working draft document in line with request from GEAR 20-2019, which can be used as a starting point for the Network's discussions on the topic.
