## Background

This document contains the list of contacts and observers of HELCOM Fish based on the Outcome of FISH 5-2016 and latest information in the HELCOM Meeting Portal. **Yellow highlights** indicate contacts who have either not yet signed up to the [HELCOM Meeting Portal](#) or for whom the Secretariat has multiple e-mail addresses.

All HELCOM correspondence takes place using the contact information in the HELCOM Meeting Portal. It is therefore essential that the user account (e-mail address) used for accessing the Meeting Portal is valid and up to date. For technical reasons related to the HELCOM communication system, only one e-mail address per person is allowed. If a person has two email accounts no emails will be sent to this contact.

## Action requested

The Meeting is invited to take note of the information and update the list as needed.

Those contacts who have not yet signed up to the Meeting Portal are kindly requested to do so.

Those contacts who have multiple e-mail addresses are invited to inform the Secretariat of their primary e-mail address and make sure that their user account in the Meeting Portal matches this address. A new account needs to be created to replace an outdated e-mail address.

Instructions for signing up (creating a user account) for the Meeting Portal are available on the [HELCOM website](#).
