HELCOM coastal fish monitoring guidelines

Update 2018-2019

Update work

- By Sweden during 2018-2019
- New template by HELCOM
 - Previous version was reorganized and shortened
- Remaining work
 - Reviewing the Word-file
 - Final version to be edited after the meeting (Sweden)
 - Final review round
 - Submitting the final version
 - Publishing in 2019

Additional issues raised

- Denmark: Only August data or...?
- Germany: Definition of "shallow coastal" – 20 m...?
- Possibility to get data from Russia?
