Practical information for participants

HELCOM Workshop on manure nutrient content in the Baltic Sea countries
19-20 November 2015

Workshop venue

Premises of Natural Resources Institute Finland, Jokiniemenkuja 1, Vantaa, Finland

How to get to the venue?

The venue is located close to the Helsinki airport, and about 1 km from the Tikkurila train station.

From Helsinki airport

Train

There is a newly opened local train connection from the airport. The direct entrance from the airport to the terminal, however, is not yet open. At the moment there is a free shuttle bus that operates between the train station's further entrance (Tietotie) and the airport terminals. The shuttle bus operates every 5 minutes between 6 a.m. and 11 p.m.. On other times, the interval is 10 minutes. The shuttle bus to the train station leaves from platform 25 (T2) and platform 12 (T1). You can also walk to the Tietotie entrance (approx. 500 m). See [map](#).

From the airport train station *take the P train to Helsinki and get off in Tikkurila*. The train ride takes around 15 minutes. The train goes every 10, 15 or 20 minutes depending on the time of day.

Single tickets can be bought at the ticket machines on the platform. You can also buy the ticket from the conductor on the train in the ticket sales compartment. To Tikkurila, you should buy an internal ticket for Vantaa (3 euros). More info see [here](#).

Taxi

Taxi ride from the airport to the workshop venue also takes around 15 minutes.

From Helsinki city center

Train

From Helsinki central railway station you can get to Tikkurila by boarding K, I or R train. The R train is the fastest and takes around 15 minutes while the other trains take around 25 minutes. You can buy a ticket from a ticket machine at the station or from the conductor on the train in the ticket sales compartment. You need to buy a regional ticket (5 euros).

Taxi

A journey by taxi from the centre of Helsinki to the airport takes about 30 minutes and costs around 45 to 50 euros.
