

Implementing the PRF Directive (2019/883)

Preparation of Implementing Acts in ESSF sub-group

1. Union based targeting mechanism, for inspection
2. Method for calculation of sufficient storage capacity
3. Monitoring of passively fished waste

Study by COWI /CE Delft

Green waste handling on ships (setting criteria)

Tasks of Member States

1. Adoption of waste reception/handling plans
2. Setting up cost recovery systems
3. Monitoring and enforcement of the mandatory delivery
4. Exemption arrangements

Discussed in ESSF subgroup

Sufficient storage capacity for exemptions

Next Port of Call	Annex I	Annex IV	Annex V	Annex VI
EU-port + Group of additional selected ports	50	50	25	75
Other ports	25	50	20	25

Russian Baltic Sea ports = same as EU
