

Baltic Marine Environment Protection Commission

Seventh Meeting of the Working Group on Reduction of Pressures from the Baltic Sea Catchment Area

PRESSURE 7-2017

Vilnius, Lithuania, 24-26 October 2017

| | |
|------------------------|--|
| Document title | Overview of nutrient recycling in the Baltic Sea countries |
| Code | 6-1 |
| Category | DEC |
| Agenda Item | 6 - Nutrients recycling and follow-up of HELCOM Recommendation on sewage sludge handling |
| Submission date | 29.9.2017 |
| Submitted by | Secretariat |
| Reference | |

Background

AGRI 3-2016 initiated collection of an Overview of nutrient recycling in the Baltic Sea countries and PRESSURE 6-2017 agreed to provide information on national commitments (policies, programmes, etc.) to recycle phosphorus from sewage sludge for integration into the Overview.

The attached document contains the updates by Contracting Parties, including the information sent by Pressure group contacts regarding sewage sludge.

Action requested

The Meeting is invited to consider and endorse the document.
