

12 November 2021

To: Contacts of RedCore DG

Dear Colleagues,

Based on the replies to the [Doodle poll](#), you are kindly invited to attend RedCore DG 34-2021 online on 23 November 2021. The Meeting will be opened at **13:00 EET/12:00 CET** and is expected to end by **16:00 EET/15:00 CET**.

Following up on PRESSURE 15-2021, the Meeting will discuss the following issues:

- Draft NIC assessment using updated NIC's from BSAP2021 based on the latest NIC assessment for PRESSURE 16-2022;
- Status/Further work with ad-hoc group on Marine Protection (AMP) on accounting for marine eutrophication in the review of the Gothenburg protocol – next steps;
- Organizing a workshop dedicated on phosphogypsum stacks;
- Need of a physical RedCore meeting in early 2022.

In addition, based on the request from the Danish Ministry of the Environment, the Meeting will discuss the consistency of the suggested TN and TP target values for Kiel Bay, Mecklenburg Bay and Arcona Basin with the HELCOM nutrient input reduction scheme and the underlying models (document 1).

The Meeting documents will be made available in the HELCOM Meeting Portal on the RedCore DG 34-2021 [Meeting site](#).

The participants are kindly requested to register to the Meeting by answering the [Participation Survey](#) on the RedCore DG 34-2021 Meeting site **by 19 November 2021**. The Zoom link will be sent to the registered participants.

Yours sincerely,

Lotta Ruokanen
Professional Secretary
