Document title	Overview of threatened and declining species occurring in the waters of more than one CP
Code	3N-7
Category	CMNT
Agenda Item	3N – Development and implementation of Recommendations
Submission date	14.9.2020
Submitted by	Secretariat

Background

This document contains an overview of species listed as threatened and declining under the HELCOM Red List of species, which occur in the waters of more than one CP (**Attachment 1**). The overview has been prepared by the Secretariat at the request of STATE & CONSERVATION 11-2019 to support reporting on Recommendation 37/2 and GEAR 21-2020 to support identifying species for which transboundary coordination of measures or joint measures could give added value. Once reviewed by STATE & CONSERVATION 13-2020 the list will be shared with GEAR and CG MSFD.

Action requested

The Meeting is invited to review the list of threatened and declining species occurring in the waters of more than one CP, as prepared by the Secretariat.
