Background

This document contains a preliminary overview of the linkages across the latest draft of the CBD [Global Biodiversity Framework](#), discussed at the 3rd Open Ended Working Group 23 August – 3 September 2021, and the updated BSAP actions (**Attachment 1**). This cross referencing has been done to give an indication of possible synergies between the BSAP actions and the Framework targets.

A corrected list will be prepared when both the updated BSAP and the Framework Targets have been adopted.

Action requested

The Meeting is invited to take note of the information.
