

Secretariat note on the numbering of TG HNS MANUAL meetings including the TG HNS MANUAL online meeting 27 March 2017

Please note that the TG HNS MANUAL meeting held on 27 March 2017 was incorrectly numbered by the Secretariat as TG HNS MANUAL 4 even if this was the fifth meeting of the Task Group.

The incorrect numbering was partly due to the fact that the outcome of the previous meeting in May 2015 was taken care of by the Chair unaccustomed to the standard HELCOM practices as well as lack of proper follow-up by the Secretariat due to a leave taken immediately after the May 2015 Meeting.

For archive consistency the numbering of the online meeting in March 2017 has been on 30 March 2017 renumbered to TG HNS MANUAL 5-2017 by the Secretariat. This includes making the necessary changes in the Annotated Agenda to minimise future confusion.
